

BROKER SIGNAGE INFORMATION

Frost Creek has established a standard for all broker signs that are placed on the property. We have developed a template for these signs and established a partnership with local sign fabricator Signature Signs, Inc. to have them produced. Brokers will be responsible for providing the fabricator with all necessary information to be placed on their sign, as well as all fabrication costs, to be paid directly to Signature Signs. Brokers are asked to coordinate with Lynne Sandoval, Frost Creek's Director of Sales, to arrange for installation.
